

Sumit Patkulkar

Aspiring software developer with a passion for crafting elegant and efficient solutions to real-world problems. I have completed one of the most challenging and well-known course, PG-DAC from CDAC, eager to embark on a journey of continuous learning and growth in the world of software development. As a quick learner and a team player, I am excited to collaborate with experienced professionals to continue growing as a developer. I am confident that my determination, adaptability and passion for coding will make me a valuable asset to your development team.

PERSONAL PROJECTS

LeaseWithEase (White Goods Rental Service)

- LeaseWithEase (White Goods Rental Service) offers rental service of various home appliances, furniture and many more to clients or users as a one-stop shop for all of their requirements.
- Optimized Spring Boot and the JPA repository to develop RestAPI for the Backend API.
- Programmed RestAPI through a front-end React application.
- Integrated MySQL database to store and retrieve user's information.
- As a team leader, I was assigning the tasks to my teammates using Jira
- Worked in backend on Admin and product controller and in a front-end also.
- Technologies used: React JS, HTML, CSS, JAVA, Spring Boot RESTful services, MySQL.
- Tools: GitHub, Jira.

ACHIEVEMENTS

Completed course of Icertis Contract Intelligence-Basics

Agile Methodology Virtual Experience Program
